COMMENTS

What other disability-related information could you benefit from learning about?

Special needs trust and ABLE accounts.

Ticket to Work.

What did you like best about the training?

It was informative, interactive and very easy to ask questions.

Well organized presenter and kept it interesting.

Presenter was courteous, knowledgeable and answered all
my questions.

Information was presented so clearly, even though it is
ridiculously complex.

Getting the handouts in advance was helpful.

What did you like least about the training?

It was long, but I understand why due to the
complexity of the information.

At times, it moved too quickly for me to grasp the
more complicated material.

What could we have done better?

A permanent reference book would be helpful.

Give a "Basics" course and then go into Incentives and
other programs. Course I and Course II.

What were the key takeaways from this session?

How you can work and not lose benefits.

Types of living situations and the effects on benefits.

Students can work and still receive benefits.

I didn't know that my son would be eligible for SSDI after I
retire! That's a huge relief to me. Maybe I can actually think
about retiring.

Any additional feedback?

I wish I knew about this a long time ago. I hope you can
keep going and make this more available to the public!
